# TWYFORD BATHROOMS THE EDUCATED CHOICE

From nurseries through to adult education and less abled, Twyford Bathrooms provides the perfect washroom and WC solution for every application. Twyford offer specific designs for each age group and exceptional, market leading products to answer all your needs.

Twyford has been leading the way in washroom innovation for over 150 years. And we're first again in the education sector - introducing the only rimless school pan, and the most water-efficient WC flushing options available.

We take our environmental responsibilities seriously. The education range incorporates water saving innovations, so whatever the budget or application, specifiers can be sure of making the right choice. Our WCs all comply with the water regulations and the range includes 4 litre single flush low water consumption options to comply with BREEAM.

Whatever you're looking for, you'll find it either in the **SpecMaster™ manual** or **www.specmasteronline.com** - with quality guaranteed throughout every product range.

# IN A CLASS OF ITS OWN

## THE NEW TWYFORD SOLA SCHOOL RIMLESS PANS

**Twyford's revolutionary rimless toilet technology is now available for all school age groups.**

Sola School is the only rimless school pan range. With no hidden channels and no dirt traps it is ultra hygienic and easy to clean. Sola is also economic and ecologically friendly too - capable of flushing effectively on 4 litres to meet BREEAM specifications.

### Available as:

- 300mm pan height for Pre-school and Infants
- 350mm pan height for Infants and Juniors
- Back-to-wall or close coupled options for flexible installation
- White or blue seat options
- Also available - Sola Rimless standard height pan in wall hung or back to wall options for BSF
